OUR FAITH IN THE PLANET

Islands of Abandonment: Life in the Post-Human Landscape by Cal Flynn

'The most precious hymn to resilience ... written
with a beautiful attention to detail ... Wonderful'
ADAM NICOLSON, winner of the 2018 Wainwright Prize

Islands of Abandonment

Life in the
Post-Human
Landscape
Cal Flynn

EcoJudaism Overview

Intrepidly and fearlessly, the authors visits places deserted by humans, Chernobyl, the blighted rustbelt of Detroit, the forbidden forests of Verdun where WW1 weapons were dumped, and finds some of these spaces unexpected havens of thriving wildlife, and others remain dead. A stunning and enlightening read. – *Rabbi Jonathan Wittenberg*
