OUR FAITH IN THE PLANET

Loving the Planet: Interfaith Essays on Ecology, Love and Theology, edited by Paul. S. Fides

EcoJudaism Overview

This beautiful and moving collection of essays, inspired by an online conference called 'Loving the Planet' examines whether the question of loving the earth from multiple faith perspectives, including a stirring essay by Professor Melissa Raphael: 'Are Jews Commanded to love the Planet?' An important read in the essential task of working together across our faiths to save the planet for our children. – *Rabbi Jonathan Wittenberg*
