OUR FAITH IN THE PLANET

The Future We Choose: Surviving the Climate Crisis by Christiana Figueres & Tom Rivett-Carnac

Christiana Figueres Tom Rivett-Carnac

EcoJudaism Overview

This essential book by a former UN Executive Secretary for Climate Change and a senior political strategist for the Paris Agreement, presents the future as it could be and we hope it shall be, or as it will be if we fail to act. Honest and highly motivating. – *Rabbi Jonathan Wittenberg*
